Professional experience

Data Analyst — Betclic

Apr 2025 – Present

- Own the predictive model of first-year player value: it estimates what a new player will bring from early activity and past cohorts, sets CPA targets and guides how over €3M a month is allocated, through an ROI framework I defined
- Market and socio-demographic dashboards used by 100+ business stakeholders and senior management
- Dashboards built as AI-assisted HTML apps, after years of advanced Excel expertise
- Numerous reporting and analysis workflows automated with generative AI; automated Growth and C-level reporting
- Marketing funnel from awareness to retention (WOM, traffic, CTR, sign-up / first-deposit conversion), ROI, LTV, cohorts, A/B testing, customer segmentation, budget and media-mix recommendations
- Internal workshops and training on tools and Excel

Growth Project Manager — Betclic

Jan 2024 – Mar 2025

- Led Growth projects across 10+ countries: France, Portugal, Poland, Italy, Switzerland, Malta, Hungary, Côte d'Ivoire, Senegal, Benin, Cameroon…
- Allocated about €3M of budget per month (over €1M for France) across countries and acquisition channels; monitored acquisition bonus costs
- Coordinated Marketing, Acquisition and Data teams (direct and cross-functional); supervised one work-study apprentice
- Business performance analysis, growth levers, and tracking of acquisition, conversion and engagement KPIs

Growth Executive — Betclic

Sep 2022 – Dec 2023

- Performance analysis by channel: Social (Meta, Snapchat, X, Google), Display (programmatic), Digital partnerships (affiliation, influence), Search (Google, Apple Search Ads, Bing)
- Weekly and monthly reporting: CAC, conversion, sign-ups, user activity
- Optimisation recommendations and management of digital marketing campaigns

Growth Executive (internship) — Betclic

Mar 2022 – Aug 2022

BEFORE BETCLIC

Growth Hacker (internship) — Échoppe

Apr 2021 – Feb 2022

- KPI tracking and analysis
- Website UX/UI redesign (PHP, React) and SEO content optimisation
- Multimedia content creation

ECM Developer (internship) — Amexio

Apr 2020 – Jul 2020

- Built an ECM application on Nuxeo and Ephesoft (Polymer, React, Java), Geneva
- Visual improvements to front-end tools
- **Nuxeo Fundamentals Certification** (Apr 2020)

Front-end Developer (internship) — SQLI

Jul 2018 – Dec 2018

- Web and mobile questionnaire application connected to a blockchain (Vue.js, Java)
- Documentation and presentation materials, in an agile environment

Observation internship — Inwi

Dec 2015 · Morocco
